

Solidarity gathering in Geneva with trade unionists and teachers in Iran

On the occasion of the International Labour Conference of the ILO (International Labour Organization), the undersigned labour organisations call for a gathering in front of ILO head office in Geneva, on Friday 6th June 2025, to protest in solidarity with the employees in Iran.

Our organisations hereby denounce firmly against the permanent brutal and widespread repression undertaken by the authorities of the Islamic Republic of Iran, and in particular:

- Capital punishments, (900 during in 2024, and 230 in the first quarter of 2025).
- The war against teenage girls and women who refuse to wear the veil, and against the *Women, Life, Freedom* movement,
- The ban on independent political parties, associations and trade-unions,
- Incommunicado detention, torture and enforced disappearances of democratic rights activists.

We are also protesting against the announced participating at the International Labour Conference of people designated by the regime to represent employees.

The Islamic Republic of Iran has refused to ratify several fundamental conventions of the ILO, including those concerning the freedom of association, the protection of union rights and collective negotiation (ILO Conventions 87 and 98).

However, nothing justifies the behaviour of the Iranian government to violate the basics norms. Indeed, the 1998 Declaration “obligates Member States to respect and promote” these norms, “*whether or not they have ratified the corresponding conventions*”. And all the more so since all these violations are taking place while the government of Iran is part of the Governing Body of the International labour Office.

Iran is also a signatory to two other international treaties which in particular protect the right of association, of unionising, and of contacting and meeting the trade-unions of the other countries:

- International Covenant on Civil and Political Rights (ICCPR), article 22; and
- International Covenant on Economic, Social and Cultural Rights (ICESCR), article 8.

The regime nevertheless represses people acting within the framework of these two texts.

We call a gathering for:

**Friday 6th June, 2025, from 12 p.m. in Geneva
in front of the Palais des Nations - "La Chaise" –**

- **Against the widespread repression by the Iranian regime,**
- **To support detainees, including in particular trade unionists and teachers,**
- **To demand their immediate release.**
